Subject: Water Board Review - RTCs on Final Internal Draft Action Memorandum, AOI 14, NASA Ames Research Center

Hello Kim,

I reviewed the revised responses to regulatory agency comments (RTCs) and the revised tables of ARARs (applicable or relevant and appropriate requirements) of the Final Internal Draft Action Memorandum (AM) for AOI 14 at NASA Ames Research Center (received from NASA via email on November 10, 2016). Based on my review and the modifications to the AM included in the RTCs, Regional Water Board staff comments have been adequately addressed.

Let me know if you have any questions.

Regards,
Elizabeth
