**RE: CONCURRENCE OF ABATEMENT ACTIVITIES FOR HANGAR 1 NON-TIME-CRITICAL REMOVAL ACTION**

Dear Mr. Turner,

The United States Environmental Protection Agency (EPA) and the San Francisco Bay Regional Water Quality Control Board (Regional Water Board) reviewed all the Hangar 1 Data Summary Submittals for Zones 1 thru 8 for both high and low occupancy areas of Hangar 1. The data summary submittals summarized the sampling and analytical activities associated with the abatement activities at Hangar 1 that was conducted pursuant to the Final Hangar 1 Non-Time-Critical Removal Action (NTCRA) Work Plan<sup>1</sup>. EPA and Regional Water Board concurs that no further abatement is required for all eight zones of Hangar 1.
